PROJECT OVERVIEW

LISTO is a three-year Erasmus+ capacity building project (Key Action 2) with a focus on university-industry relations, entrepreneurial skills in education and university strategies for innovation. Coordinated by the International Office of Uppsala University, the project brings together 3 universities from Europe and 7 from Latin America to facilitate an exchange of knowledge and good practice for teachers, innovation office staff and university management.

NEXT MEETING

October 22-25 in Córdoba (Argentina).

See p.5
LISTO Work Packages

- Dissemination & Exploitation
- Quality
- University-Industry Relations (AIMdays)
- WP1
- WP2
- WP3
- WP4
- WP5
- WP6
- WP7

- Management
- Entrepreneurial University (Strategy)
- Teaching Entrepreneurship (International Classroom)
- Preparation
WP2 University-Industry Relations:
Foster university-industry relations, initiate new collaborations and increase mutual understanding of innovation capacities/synergies. Uppsala University Innovation will introduce the AIMday method as a way of connecting researchers with industries.

WP3 Teaching Entrepreneurship:
Discuss current methods in teaching entrepreneurship to students and evaluate their strengths and weaknesses. Partners will work together in developing modules for an interdisciplinary entrepreneurship course which will be applied and tested in an international classroom setting.

WP4 Entrepreneurial University:
Discuss different strategies for an entrepreneurial university (governance and management) and exchange methods for strengthening a spirit of innovation throughout the university.

LISTO CONSORTIUM

Europe
Uppsala University, Sweden (project coordinator)
University of Groningen, Netherlands Sciences
University of Valladolid, Spain
Sciences Park of Valladolid University, Spain

From April 16-20, 2018 the LISTO consortium met in Montevideo, Uruguay to start WP2 University-Industry Relations.

Over the course of three days, the partner universities exchanged their experience and strategies for engaging with companies and took part in a training of the AIMday method. During 2018/19, the partners will host their own pilot AIMdays.

Click here to read more about the workshop and the upcoming AIMdays on our website.
REVIEW GRONINGEN

From June 25-27, 2018 the LISTO consortium met in Groningen, Netherlands to start WP3-Teaching Entrepreneurship.

The goal of this work package is to develop international classrooms in which students and teachers from all 10 LISTO partners meet in a virtual setting to facilitate an international exchange about entrepreneurship. We started with a Knowledge Sharing and teacher Training Workshop.
